

VERDICT

IS CLAIMED TO BE SAME AS AN ACQUITTAL.

DEFENDANT MILLER IS HAPPY.

Jurors Claim They Were Forced Into Verdict—Defense Says Indictment Charges First Degree Only Whereas Verdict is Guilty of Second Degree Murder—Miller Case.

Upper Sandusky, O., July 19.—After deliberation of over 44 hours the jury in the murder case of Willis Miller reported the following verdict this morning: "Not guilty first degree; guilty second degree." Two of the jurors claim vehemently that they were forced into the verdict; that they wished to report a disagreement, but the judge would not communicate with them. The attorneys of the defendant are pleased with the verdict, claiming it virtually acquittal, inasmuch as the indictment charges first degree only. It is said the supreme court has held such a verdict equal to acquittal. Miller was indicted with four others, alleged members of the Foster gang, for the murder of the "Celery King," W. J. Johnson, near here. The other men have had separate trials and have all been given life sentences.

Is Schlater Insane?

Washington, July 19.—Francis Schlater, the "Divine Healer," was this morning committed to St. Elizabeth hospital for insane, pending an inquiry into his mental condition. He was arrested on a charge of vagrancy, having failed to pay for a meal eaten at the Central Union Mission. Schlater at one time had attention throughout the country.

MORRO CASTLE.

New York, July 19.—It is learned that the famous Morro Castle overlooking Havana harbor will be retained forever by the United States. The fortress is to be made impregnable and occupied with modern artillery. It is understood the idea of the government is that Cuba may be assisted in defending against possible enemies and by the same token the United States is to be protected against unwarranted action by the new republic against this country.

Oil Going Up.

Montpelier, Ind., July 19.—Indiana oil took a jump upwards of 3 cents this morning and is now quoted at the headquarters of the Standard Oil Co., in this city at 80 cents. In the past three days Indiana oil has advanced six cents and is looked to go higher. Eastern oil went up 3 cents today. The oil men are wild with excitement and are holding thousands of barrels awaiting a still higher market.

SECOND DAY

Of the Big Epworth League Convention at San Francisco—Missionary Mass Meetings.

San Francisco, July 19.—The second day of the Epworth League convention opened with sunrise prayer in four churches. Double services had to be held the jam at each church being too great to accommodate all at one time.

At 9 o'clock regular meetings were held in Mechanics' pavilion and the Alhambra theatre. Twentieth century topics were discussed at each meeting, the subjects being "The church and the liquor traffic," "The church and the working man," "The church and the young man," "The church and the newspaper," "Our imperilled Sabbath," and "The institutional church."

Business meetings were held at noon in the Palace hotel and in the Chamber of Commerce. This afternoon "Forward Movement" meetings will be held at Mechanics' pavilion, Alhambra theatre and Metropolitan temple. Missionary mass meetings will be held tonight.

Fatal Collision.

Crawfordsville, Ind., July 19.—Two Big Four freight trains collided at West Tied siding here this morning. J. W. Mather, brakeman, of Indianapolis, was killed, and both trains were badly wrecked.

Four Drowned.

New Haven, Conn., July 19.—(Bulletin.)—The yawl rigged yacht Veintyd, owned by Arthur Colburn, of Philadelphia, was wrecked in the storm in the Sound of Greenwich. Colburn, his daughter, Ida Elizabeth, and also Capt. Flynn, the sailing master and a sailor whose name cannot be learned, were drowned. Mrs. Walter J. Spunkle of Philadelphia, who is another daughter of Mr. Colburn and the steward of the yacht, were rescued by the tug Gertrude. Capt. C. T. Brown, and brought to this city. Mrs. Spunkle is now at the Tontine Hotel in this city awaiting the arrival of her husband.

In the Militia.

New York, July 19.—Cornelius Vanderbilt will soon join the New York militia. Last night he accepted a lieutenant in Co. I, 12th regiment.

Rain in Corn Belt

Chicago, July 19.—The end of the drought in the corn country of the southwest is predicted by the government forecaster. Showers are promised in the southwest. In the far northwest also the foreseers say rain will save the wheat crops. There are heavy rains already in Kansas, Nebraska, Missouri, and Iowa, being the first down pour in several weeks.

SURRENDER

Of Peking to the Chinese Authorities Expected to Occur on August 14. Indemnity.

Washington, July 19.—W. A. Rockhill, United States Special Commissioner at Peking, today sends the following cablegram to the state department: "Diplomatic corps now engaged in considering Russian proposal for eventual increase maritime tariff. Indemnity fixed at 450,000 taels. Interest at 4 per cent has been formally accepted. Japan has waived preferential treatment. Formal surrender of Peking to Chinese authorities is expected to occur August 14th."

EVIDENCE

Being Offered by the Prosecution in Fosburg's Trial for Murder of His Sister.

Pittsfield, Mass., July 19.—Dr. Frank Paddock was the first witness in the Fosburg trial today. He testified that Beatrice and James, the young sister and brother of the defendant, told him they saw no burglars that night. Frank Pierson, a hardware man, and Allen Bagle, his clerk identified the revolver and cartridges used as similar to the one sold the defendant. Chief of Police Nicholson took the stand and everybody expected a sensation as he had never told upon what secret evidence he had caused Fosburg's arrest. Nicholson merely identified the cartridges and withdrew. He will take the stand again. Several detectives testified to the version of the tragedy told them by the defendant.

DR. HUNT

To Announce His Decision Regarding Presidency of Denison When He Reaches Europe.

Dr. Emory W. Hunt, president-elect of Denison University, sailed for Europe on Wednesday. Since receiving the call to Denison he has been absent from Boston until Tuesday, the 16th, when he met the Advisory Committee of his church for consultation on the matter of his call to Denison. He has reserved his formal answer to be sent from the other side of the water, but the smiles on the faces of Denison's trustees are significant as to its purpose.

In size, not counting colonies, the European powers stand in this order: Russia, Austria, Germany, France, United Kingdom, Italy.

Gum drops are made by letting fall from a mechanical device large drops of a fan already prepared syrup; the drops are permitted to fall upon starch where they dry without losing their peculiar form.

The five largest cities of England, exclusive of London, are as follows: Liverpool, 684,947; Manchester, 543,969; Birmingham, 522,182; Leeds, 428,953; Sheffield, 380,717.

FINE NEW PRESS

Being Installed in the Advocate Office, the Present Press Though Fastest in Town, Being Too Slow to Print The Edition—A Few "Scoops" of Yesterday.

While the American-Tribune has been boasting about circulation and superiority, the Advocate has gone along quietly printing all the news and selling as many papers as ALL OTHER PAPERS COMBINED THAT ARE CIRCULATED IN NEWARK.

Talking about superiority for a moment, look at the following local news items that appeared EXCLUSIVELY in last night's Advocate. Story of the connection of John F. Lard, a former Newark man, as one of the accessories for the murder in the celebrated ELLIOTT GLENN forgery trial at Parkersburg, W. Va.

Special from the Licking reservoir killing of Frank Marquart dropping dead.

Half column about Labor Day preparations in which Newark Union men will participate at Man-field.

A half column story telling how a young Newark lawyer impersonating a lady wrote a burning love-letter to a friend and had the letter walking about town at an appointed hour to meet "her."

Peculiar freak of lightning at the East End B. & O. yard office.

Mr. Everett arranging to pipe gas from Licking county's new gas field to his Newark factory.

Arrest at Toledo of six members of the Sixth regiment for refusing to come to Newark to camp with the regiment.

Story of the storm at Granville together with a half column of Granville doings.

Death of Mrs. James Gault, a bride, east of Newark.

Decoration of a horse's hat by a prominent Newark milliner.

The assignment of O. B. McCurdy to J. R. Fitzgibbon for the benefit of his creditors.

The divorce suit of Mrs. Carrie Rowan against Samuel Rowan. Batch of news from Probate Court.

There are others but this is enough to mention at one time. The same superiority is noticeable in the our of town news and miscellany.

The Advocate's circulation has been steadily climbing upward for many months and at the present time the Advocate's press, though the fastest in the city, is taxed to the limit to print the edition in time for delivery by carriers.

Always abreast of the times and in advance of all competitors, as it was in the installation of Linotype machines two years ahead of its contemporary, the Advocate is today installing a new fine Cox Web Perfecting Press, capable of printing and folding 6,000 papers an hour. This new and valuable press will be in operation early next week, and with its installation will come an enlargement of the Advocate from a 48 to a 56 column paper. In other words, instead of printing a six column eight-page paper, the Advocate will print a seven-column eight-page paper.

This will give room for the Advocate's news and illustrations and advertising matter.

The Advocate is growing and why? It prints the news without fear or favor, is conspicuously in the lead, and is pre-eminently a FAMILY PAPER that can go and does go into the homes of the best people of Newark and vicinity. The Advocate appreciates the friendship and patronage of the people, and we are sure from our large and constantly increasing subscription list and advertising patronage that the people appreciate the Advocate.

FATALLY BURNED

Mrs. Sarah Brown, a Newark Woman, Sustains a Frightful Injury at Columbus—Doctor Says There is no Hope Of Recovery.

Mr. C. R. Brown of 130 Jefferson street, received word this morning that his mother, Mrs. Sarah Brown, who has been visiting at the home of William J. Brown, 220 Lexington avenue, Columbus, had been seriously burned, and requested him to come on at once. Mr. Brown took the next train for Columbus.

This afternoon the Advocate received the following special telegram giving the details of Mrs. Brown's fatal injury:

Columbus, O., July 19.—Mrs. Sarah Brown was fatally burned here at her residence of her son, Wm. J. Brown, 220 Lexington avenue yesterday afternoon at 4 o'clock by her dress coming in contact with a small gas stove in the bath-room. At noon today the family physician announced there was no hope of her recovery. Mrs. Brown was burned to a crisp about the breast, neck and shoulders, and probably inhaled the flames. She had just returned from Minerva Park, and had gone into the bath room to bathe her face, lighting a gas stove to boil some drinking water. Her dress came in contact with the flames as she turned over and in an instant was in a blaze. Men heard her screams and rushed in from the street and smothered the fire, but not before she had been seriously burned. Her daughter had gone up stairs. Mrs. Brown was conscious after the accident and told how it happened. Her suffering is increasing. Her husband died a broken heart weeks ago.

Mistaken For Burglar and Killed.

Brattleboro, Vt., July 19.—Silas Ford, Conn., and who was visiting Bristol, of Battle Creek, Minn., was Cressley's graninother here. He shot and killed this morning by his while walking in his sleep was taken for a burglar by his friend.

A Boer Battle.

London, June 19.—Richener today reports a sharp fight between the Connaught rangers and a big force of Boers at Jamestown, Cape Colony. The Boers were repulsed after several hours of fierce fighting. The British lost 7 killed and 20 wounded. The Boers loss is unknown.

Earl Russell Restless

London, July 19.—Earl Russell passed a restless night in Holloway jail, where he will serve three months imprisonment imposed by the House Lords for bigamy. His wife visited him today and talked with him through the bars.

TODAY'S MARKETS.

Chicago, July 19.—Today's Chicago market closed: Wheat, 69; corn, 53; oats, 34; pork, \$14.30.

Three Broke Jail.

Lima, O., July 19.—Frank Mason, held for burglary, and Charles Harvey, and Gene Williams held on minor offenses broke jail this morning at 4 o'clock. Mason is badly wanted and claims Marion as his home.

To Honor Mrs. Hanna

Queenstown, July 19.—The Campana due here at six o'clock has on board Mrs. Dan Hanna, who escaped her husband and detectives. The Americans of Queenstown have planned a reception and will present Mrs. Hanna with an immense banner.

GLENN TRIAL

MYSTERY OF ELLIS GLENN'S LIFE MAY BE SOLVED.

It is Stated That the Defendant in the Forgery Trial Will Go On the Stand.

Parkersburg, W. Va., July 19.—The mystery of Ellis Glenn's life still unsolved, may be cleared soon as it is said the defendant will take the witness stand.

The mystery concerning Ellis Glenn is still unsolved. After the state had closed a cleverly conducted case, in which it showed by many witnesses and by many undisputed circumstances that Ellis Glenn and Elbert Glenn were one and the same person, and that Ellis lived as a man for more than a year with her secret unknown to any person save herself, the defense brought out a large number of witnesses who are just as positive that Ellis is not Elbert, and give their reasons for so stating.

Eight or ten witnesses for the defense were examined and their testimony was to the effect that Ellis had always limped since she was first brought here; that she has no scar on her head; that she is taller and heavier than Elbert Glenn and does not resemble him in any respect. The state has proved by many witnesses that Elbert Glenn had a scar on his head, and that he did not limp. This conflicting testimony puts a new phase on the case, and the mystery of Ellis Glenn deepens instead of being cleared away.

One point was clear they proved. She is not Cora Cunningham Rader, of Webster county, W. Va., for Mrs. Rader was the mother of several children, while the testimony of Dr. Gail Samuels, given today, was that he had made a physical examination of the defendant under the direction of the court, and that she had never borne a child.

United States Commissioner B. D. Hutchinson, of Webster county, who was the principal exponent of the theory that Ellis Glenn and Cora Rader were the same person and who wrote many sentimental letters to Miss Glenn since she has been here, full of terms of endearment, is here as a witness for the defense, but his theory is no longer countenanced.

An announcement made by the defense gives promise of a solution of the mystery of Glenn's identity, for it has been determined and so pronounced that she will be placed on the witness stand in her own defense. That she could and will do this is a point no one doubts, and standing room will be at a premium the day she goes upon the stand. It is said that she has changed a part of the story of her life as told to her attorneys, stating now that she was born in Manitoba, whereas she had previously stated she was born in the Isle of Man.

But the matter of birth is of little interest compared with the story of her life, which will in part, at least, be drawn from her. The reappearance here of Deputy Sheriff Jayne, of Illinois, after he had completed his testimony, and gone home, gave rise to the report that he had come back armed with a warrant for Ellis Glenn for the Illinois alleged forgery, and that if she should be acquitted at would at once serve that warrant on her.

If she swears in her testimony that she impersonated her brother in Illinois to allow him to escape she could be arrested on her own testimony, it being understood here that assuming a disguise of the opposite sex is a felony in that state.

Colonel Wolverton, of Glenn's counsel, did not want to put her on the stand.

ATTEMPT

TO START WELLSVILLE MILLS SEEMS CERTAIN.

PRESIDENT SHAFFER ELATED

Over Meeting at Wellsville and Says Surely Mill Cannot Reopen—Other Steel Mills to Close—Seven More Collieries Closed Today and 4000 Miners are Idle.

Pittsburg, Pa., July 19.—That a desperate attempt is to be made to start the mills at Wellsville, now idle by reason of the Amalgamated strike, is shown by the fact that this morning 12 men, all short-workers, were taken from Pittsburg to Wellsville, leaving the Pittsburg Union station at 8:20 a. m. For the past three days two men have been in Pittsburg hiring or attempting to hire a sufficient number of men to start at least two mills in the Wellsville plants.

These men made themselves known to some of the members of the Amalgamated Association, having approached them by mistake. Their plans have been on line to the workers and this morning at 8 o'clock one of the missionaries, in company with twelve men, was in a saloon at the corner of Eleventh street and Pennsylvania avenue. None of the men made any secret of their business and destination. How many non-union men the other missionary has with him is not yet known, but the Amalgamated officials say that as soon as they arrive at Wellsville, that they will be met by the strikers and that the men who are going to take the place of the strikers will be converted to unionism.

Several other agencies have been hiring men who will probably rendezvous at Wellsville today or tomorrow. President Shaffer is elated over his meeting at Wellsville yesterday and says surely the mill can not reopen. Organizers say they will have Vandergrift, Pa., closed in a week. They also expect Duncanville to go out today.

Shamokin, Pa., July 19.—Seven of the sixteen collieries between here and Mt. Carmel closed this morning—the stationary firemen joining the strike. The result is 4,000 more miners are idle. In other collieries, clerks are firing the boilers, but cannot stand the work and the mines now working with their assistance, will close tonight.

Bryan Suggests Southern Man.

Lincoln, Neb., July 19.—Why not a Southern man for President of Vice President? is the suggestion of this week's Commoner. Bryan says: "For nearly a quarter of a century the Southern state have been ignored in the selection of candidates. Certain passions aroused by the civil war are sufficiently cooled to permit a Southern man to aspire to the office."

CHOKED TO DEATH

Big Snake Found Protruding From Dead Man's Mouth—The Reptile Was Killed.

Newark, Va., July 19.—Grant Williams, aged 31, colored, started out with a tramp yesterday, sat down at an ash-pit. He was found dead this morning with nearly three feet of a big snake protruding from his mouth. There was an expression of great agony on his face. He had choked to death. It took the strength of two men to pull the snake from the corpse. The reptile was killed.

Tolstoi Sinking.

Moscow, July 19.—Tolstoi's physical condition is a mystery this morning. Hopes of his recovery are now falling.

THE WEATHER.

Prediction for Newark and vicinity: Fair with moderate temperature tonight and Saturday. Temperature extremes at Columbus station 23 years' record for July 19: Maximum 97 degrees in 1895; minimum 55 degrees in 1886; minimum temperature at Columbus in the past 24 hours, 68 degrees; maximum temperature 92 degrees.

press they will readily be
able to make the comparison that
will satisfy all doubts.

A dirigible balloon—an airship with a motor and steering gear—has been operated successfully at Paris, and great is the enthusiasm of the Aero Club over the extraordinary feat. The new flying machine, which seems to be a skillfully constructed combination of familiar devices—balloon, petroleum engine, propeller wheel, etc.—did not escape the usual fate of such unstable contrivances, and on further trial landed its inventor unceremoniously in the branches of a big tree. Nevertheless, it was sailed against the wind, and directed hither and thither at the pleasure of the operator while the delicate machinery held out. The rest should be scarcely more than a matter of experiment with materials, experience in manipulation and practice in actual management.

The federal government finds it necessary to take a census of lepers not because their number is great enough now to justify alarm, but because hospital records, carefully guarded disclose the alarming truth that leprosy is a common disease in what are euphemistically called "our new possessions." We are not coming into blessings exclusively with doubtful acquisitions.

IT IS GONE.
(Enquirer.)
"This position does not involve the abandonment of silver," says the Columbus Citizen, discussing the action of the Ohio Democratic Convention. "To do that an affirmative statement is required, and no such statement has been made. The silver question is held in abeyance while more immediate questions are decided, and that abeyance is fully warranted by Mr. Bryan's own admissions that the silver question is not immediately important because of the increased gold supply, as has been explained numberless times."

No explanation or apology is needed for the action of the vast majority of the Democratic State Convention, manifestly representing the popular will. The Democrats of the State of Ohio have spoken, and they have spoken well. The silver question is not merely in a state of suspense. It is dead. There is no silver question. If the question of a scarcity of money, and of a private monopoly of the Government function of issuing money, comes up again, it may be in the form of free silver, free gold or a more liberal issue of paper, based on the wealth of the country. The regular Democrats were right about free and unlimited coinage of silver. When they adopted the famous Chicago platform of 1896 free silver was the only means in sight of relieving the monetary distress.

The Democratic party can drop the silver question, or any other passing and temporary issue, without making the formal declaration that it has taken it out of the party catechism. The claim that the national platform of a party must stand as the governing principle of another national convention speaks is folly. The conventions do not make the party doctrine. The people, speaking through their delegates, declare principles and purposes. The convention is the creature of the party. It is not the master. Especially is it impossible to bind the party to a platform after the campaign has been fought and the battle lost.

There will be no trouble in the Democratic party of Ohio this year. The action of the state convention was too conspicuously the popular will for that. It was not necessary to make a show of the corpses of defunct questions. The funeral was private.

Mr. Bryan's own declaration ought to be a sign of harmony. He admits, the Citizen says, that the silver question is not immediately important. It certainly is not. If it ever becomes important again the Democracy will doubtless be ready to take hold of it.

Central Committee.
The new Democratic Central Committee will meet in the convention room of the Court House on Saturday, July 20, at 10 o'clock a. m. sharp, for the purpose of effecting an organization and selecting an Executive Committee. Following are the names of the Central Committeemen.

British lifeboats save on an average, 550 lives a year.

NOT FULLY PACIFIED.
Military Control Restored In Three Provinces.
FILIPINOS LAY SIEGE TO CEBU TOWNS
Cebu, Bohol and Province of Batangas Not Yet Deserving of Civil Government—Natives of Batangas Continue In a Warlike Humour and a Regiment Has Been Ordered There.

Manilla, July 19.—After a trial of three months, civil government established in the islands of Cebu and Bohol and Batangas province in Luzon will be abandoned, and military government will be restored in these districts. This action is taken on account of the incomplete pacification of these three provinces, it having been demonstrated that they are not yet deserving of civil government.

The provincial and civil officials of these designated districts will continue their functions, but are now under the authority of General Chaffee instead of that of Governor Taft as heretofore. General Chaffee has the power arbitrarily to remove from office any or all provincial and civil officers and to abrogate any section of the laws promulgated in those three provinces. Residents of Cebu island have protested, but without success, against the return of that island to military control. Several towns in Cebu are still besieged by the Filipinos. The war on the island of Bohol has been renewed, and native sentiment in Batangas province is strong.

General Chaffee has ordered a battalion of the Thirtieth Infantry to begin the occupation of the island of Mindoro. The province of Batangas will be occupied by the entire Twentieth Infantry.

H. Phelps Whitmarsh, governor of Benguet province, who was recently ordered to Manilla for investigation of certain charges against him, presented his side of the case to the Philippine commission at its executive session. Mr. Whitmarsh denied every charge made against him.

LEFT IN THE LURCH.
Produce Dealers Would Like to Locate Two Commission Merchants.
Indianapolis, July 19.—Claims aggregating \$15,000 to \$20,000 are pouring in from Ohio, Illinois, Wisconsin, Minnesota, Kansas, Missouri and elsewhere against H. E. Hurley and L. E. Johnson, who operated a fruit commission house here since February.

July 11 a local law firm informed Hurley & Johnson that unless claims which had been placed in their hands for collection were settled that day the firm would institute legal proceedings. Both members of the commission firm left the city that night.

Four carloads of butter and cheese shipped by Hurley & Johnson to New York city were attached in the metropolis and will be sold for the benefit of creditors. It is thought the sale of the contents of the cars attached will net the creditors over \$5,000.

Superintendent Quigley telegraphed Captain Rees of the New York detectives to arrest Hurley and Johnson in case they appeared in that city.

Inherit a Big Fortune.
Atlanta, July 19.—An Australian fortune of \$40,000,000 is to be divided among the heirs of the late Josiah Tyson residing in Georgia and Alabama. The law firm of Hoke Smith and H. C. Peoples has communicated with the proper authorities at Melbourne and learned that information as to the inheritance received here is correct. The Georgia heirs are Henry F. Tyson, Mrs. M. D. Tyson, R. S. Tyson, James D. Tyson, L. J. Tatum, W. H. Thompson, Mrs. Ellen Fuller and J. S. Tyson. All of these live in Troup county in the neighborhood of Lagrange. The Alabama heirs are John S. Tyson, Wesley Wade Gordon, Mrs. Lodie Ann Tyson, Mrs. A. Mobley, Mrs. N. E. Baker, Mrs. N. J. Brown, Mrs. F. W. Tyson, Mrs. L. P. Brown, Mrs. J. W. Tyson and Mrs. Emma E. Hamer. The majority of these persons live in Chambers county.

Earl Russell Found Guilty.
London, July 19.—Earl Russell, arraigned at the bar of the house of lords for trial on the charge of bigamy, pleaded guilty after lengthy arguments against the jurisdiction of the court. The peers reached a decision after consideration of the case lasting 20 minutes. Earl Russell was sentenced to three months' imprisonment. In anticipation of the arrival of Lord Russell, the officials of Holloway prison have prepared for his reception one of the rooms formerly occupied by William T. Stead, the editor, and members of the Jameson raiders. It is a commodious apartment in which the earl can be supplied with his own food and wines.

Russia Controls Mongolia.
London, July 19.—Mongolia is now Russian, says a dispatch from St. Petersburg. "Urga, a Chinese frontier station on the road to Peking, 200 miles south of Kibtha, has been fortified and garrisoned by Russian infantry and Cossacks. Surveying parties, escorted by troops, have penetrated as far as the edge of the great desert to determine the route of a direct railway to Peking across the desert and the point where it will join the mid-Siberian railway extension, now being constructed around the south end of Lake Baikal."

Minister's Flight.
Laporte, Ind., July 19.—The congregation of the United Brethren church, Kokomo, has asked the pastor, Rev. W. M. Kersd, to resign because he accepted as genuine a check left to the church by an alleged friend and rebuilt the church and parsonage. The check proved worthless.

LICKED UP BY FLAMES.
Destruction Wrought by Fire Demon.
Ship Burned and Sunk.
New York, July 19.—The full-rigged ship Commodore T. H. Allen, outward bound with 80,000 cases of oil for Hongkong, was discovered aground and on fire just outside of Sandy Hook. Word was telegraphed to this city and a number of tugs and fireboats went to her assistance. She was later pulled off, towed inside the hook and anchored near the shore. The tugs poured tons of water into her but the fire kept eating its way through the hold. The crew of the Allen and all effects were saved. The cargo of oil was worth \$70,000.

At 2 o'clock a. m. the Allen sank in about seven fathoms of water. The ship was owned by Captain Merriman and T. H. Southard & Son.

Lumber Mill In Ashes.
Petoskey, Mich., July 19.—The big flooring factory of Thomas Foreman & Company was destroyed by fire, together with 6,000,000 feet of lumber and a dwelling house. The loss is estimated at \$400,000, insurance \$50,000. The fire caught from the engine.

Barrel Factory Burned.
Grand Rapids, Mich., July 19.—The extensive manufacturing plant of the Michigan Barrel company in this city was destroyed by fire, entailing a loss of about \$100,000, half covered by insurance. It was the largest plant of the kind in the world.

Tragedy at the Expo.
Buffalo, July 19.—Earnesto Z. Zeozaya, 24, and a Mexican of good social standing, entered the Streets of Mexico on the north midway at the Pan-American exposition grounds, and after attempting to murder Concessionaire McGarvie he fired a bullet into his own heart. Zeozaya is said to be connected with a rich banking family in the City of Mexico. It is said that he is a Cuban by birth and a grandson of the Cuban General Gomez. In Mexico he had loved Senorita Isabelle Galardo, a singer and dancer, who came to the exposition with the Streets of Mexico Theatrical company. He endeavored to secure employment with the troupe, which was repeatedly refused, ultimately ending in the tragedy.

Denied by Sayers.
Dallas, Tex., July 19.—Governor Sayers has denied the report that he would recommend to the legislature at the approaching special session that oil companies of Texas be given the same rights as railroad, telegraph and telephone companies and kindred corporations in the matter of condemnation of property for the construction of pipe lines and other works.

Flood on Fish River.
Seattle, Wash., July 19.—The steamer Roanoke, just arrived from Nome, brought particulars of a terrible flood on Fish river June 15, causing loss of over \$50,000. The damage was almost entirely confined to Council City, where every building but the Dauntless hotel was destroyed. The people are living in tents on the hills.

Consul Assassinated.
Valparaiso, July 19.—The Ecuadorian consul general in Valparaiso, A. Arias Sanchez, was assassinated in the heart of the city. He was shot and stabbed and his ears were cut off. It is supposed the assassins are enemies of the present Alfaro administration in Ecuador. Several Ecuadorians have been arrested.

Shipment of Bogus Dollars.
City of Mexico, July 19.—A federal district judge in Puebla informs the authorities here that 500 counterfeit American silver dollars were shipped from that city to the United States, and he believes they have gone into general circulation there.

Hitchcock Gone Fishing.
Washington, July 19.—Secretary Hitchcock left here for Boston en route to New Brunswick for a season of salmon fishing. He expects to be away until the middle of August.

Clydesdale Ointment
Accidents will happen in the best regulated families and a jar of
Clydesdale Ointment
will quickly cure the results. For cuts, bruises or wounds of any kind it is a sovereign remedy. It cures without causing pain or irritation and does not leave a scar. There should be a jar of CLYDESDALE OINTMENT in every house. There is nothing else so good for curing all sorts of injuries, rheumatism, lame back, sprains, etc. Harmless even to infants.
Cheaper and better than to let it cure itself. Price, 25 cts. per jar, at all dealers.
The Geo. W. Bicknell Co.,
PITTSBURG, PA., U.S.A.

BOND SALE.
Office of the City Clerk, City of Newark, Ohio:
The City of Newark, Ohio, through the Finance Committee of its City Council, and by authority of an ordinance entitled, "An ordinance to issue refunding bonds", passed the 1st day of July, 1921, invites sealed proposals at the office of the City Clerk of said city, until 12 o'clock noon, August 15, 1921, for the purchase, with accrued interest, of twenty-five bonds, each for the sum of One Thousand Dollars; and each bearing interest at the rate of 4 per cent per annum, payable semi-annually. Said bonds to mature as follows: Four bonds two years from date, four bonds in three years from date, three bonds in six years from date, three bonds in seven years from date, four bonds in eight years from date, four bonds in nine years from date, and three bonds ten years from date. Said bonds are issued in pursuance of the Statutes of Ohio, and said ordinance passed on the 1st day of July, 1921, the same being an ordinance to provide for the issuing of bonds to refund Twenty-five Thousand Dollars of bonds, falling due on the 1st day of August, 1921.
Bidders will be required to state in writing and in figures the gross amount they will pay for the bonds bid for, besides the accrued interest at date of delivery. All bids must be unconditional, and no bid will be accepted which states that the payment of the bonds bid for, and the accrued interest at date of delivery.
Bidders will be required to deposit, with each bid, Five Hundred Dollars, or a certified check in some bank for that sum, as a guarantee of good faith, and that the bid, so made if successful, will be fulfilled in accordance with the terms thereof, and the requirements of the law, and the ordinance. Any money or certified checks will be returned to unsuccessful bidders. No bid will be received unless accompanied by the money or certified check as aforesaid.
The City Council reserves the right to reject any and all bids, and to accept any proposal within six days after opening the bids. Proposals must be sealed, and endorsed, Bids for Refunding Bonds, and the names of the bidder, and addressed to the City Clerk of the City of Newark, Ohio.
Chairman Finance Committee.
P. T. MACRATH, City Clerk.

Every Yard of Our Wash Good Reduced in Price.

The H. H. Griggs Co.

GOLDEN ROD

WILL BE TEN YEARS OLD NEXT WEDNESDAY.

Big Basket Picnic at Idlewild—Crowd Coming from Zanesville and Other Nearby Towns.

Wednesday, July 24th, is to be A. O. U. W. day in Newark and from present indications it will be a "big" day in all respects.

That day marks the tenth anniversary of the birth of Golden Rod Lodge No 100, one of the most prosperous and largest lodges of the Ancient Order of United Workmen in the entire state. Its membership includes many of Newark's most prominent business and professional men and most substantial citizens, who appreciate not only the insurance features of the order but the fraternal feeling that exists among the members as well.

The committee in charge of the observation of the occasion reports that Idlewild park has been secured and that a big basket picnic with all the trimmings will be held.

The Zanesville lodge writes that about 300 people will come up from the "Clay City", a fifty cent rate having been secured from the B. & O. for the occasion. Delegations will come from Mt. Vernon, Cambridge and Columbus also.

The members of the Golden Rod lodge will meet at the hall on the south side of public square at 10 o'clock in the morning of the 24th and will march to the train to meet the incoming delegation from Zanesville.

The program at the park is to begin at 11 o'clock and will probably open with the bowling contest followed by the basket picnic with the track events including automobile and other races from one to three o'clock. Performance at the theatre at 3 and base ball game, Newark vs. Zanesville, at 3:15 o'clock. Suitable and valuable prizes will be given the winners of these events.

The complete program will be announced later. Remember the date, next Wednesday, July 24, and be sure to be there.

COUNCIL—There will be a special meeting of the City Council this evening for the transaction of business.

DIRECT TO CAMP GROUND.

Special car on the Newark and Granville railway leaves the square on the hour and half hour. Car leaves the camp grounds quarter of the hour and quarter after. Dress parade every evening at 5:30. Band concert at 8 p. m.

MR. MITCHELL

Explains the Report Given Out Regarding His Connection with Cincinnati Post.

On July 12th the Advocate printed an interview with W. J. Wood, traveling representative of the Cincinnati Post, who was here on business connected with that paper. Wood stated that the local agent, Mr. Royal Mitchell, had left town owing his paper a sum of money and that Mr. Mitchell had also gone away while indebted to the Pittsburg Dispatch in a large sum. Mr. Mitchell has just returned to Newark and has learned of the story given the papers by Wood. Mr. Mitchell tells the Advocate that he left Newark on June 26, being called to Millwood, O., by sickness of his brother, and that he wrote the Post at that time that he would remit the amount due upon receipt of bill. He also wrote that he would turn the agency for the paper over to Mr. Dauterman, which he did. Mr. Mitchell says that he has never had the agency for the Pittsburg Dispatch.

He was detained longer than he expected at Millwood, but upon his return home he received a bill from the Post which had been here some days and promptly remitted the amount due the Post.

Mr. Mitchell has written to the Post making complaint of the story that Wood gave out for publication. Mr. Mitchell's affairs are perfectly straight as he has made a satisfactory settlement with the Post.

QUARTERLY CONFERENCE—The fourth quarterly conference of the Second M. E. church will be held Saturday at 7:30 p. m. A full attendance of all the officials is desired, as business concerning the church will be transacted.

Potatoes have ceased to be the principal root crop of Ireland, if they are to be compared with turnips by weight or yield—last year for example only about 1,542,000 tons, against 4,426,000 tons of turnips.

NASHPORT

People Terrorized by a Colored Man Who Tried to Hold Up Mr. T. O. Gardner.

Wednesday evening as Thomas O. Gardner was returning to his home in Nashport, says the Zanesville Courier from the eastbound train which is due at Claypools at 7:48, having been at Newark, he was held up by a negro who had been loitering about for the past ten days. He succeeded in frightening him away by throwing up his hands pretending to have a revolver and by calling to another person.

The community is much alarmed, as the highwayman keeps in hiding during the day and has been seen prowling around a number of residences under cover of night.

The supposition is that he has committed a crime and is in hiding to avoid arrest. It is rumored that he has been joined, now, by another negro.

RAILROADS.

A Uniform Code.

The Committee on Rules of the American Railway Association is in session at Mount Pleasant House, New Hampshire. The meeting is for the purpose of compiling a uniform code of double-track rules to be presented at the annual meeting of the association to be held at St. Louis next October.

Reduced Fares.

The Central Passenger Association has authorized reduced fares on account of the following meetings.

Grand Circuit races at Columbus, O. July 29 to August 2.

International Convention Brotherhood of St. Andrew at Detroit, July 24 to 28.

Grand Council Improved Order of Red Men at New York, September 8-14.

Deutscher Romisch Katholisch Central Verein, at Bridgeport, Conn., September 8 to 12.

International Association Fire Engineers, at Indianapolis, August 27 to 30.

Catholic Order of Foresters at Detroit, August 12 to 17.

National Socialist Convention, at Indianapolis, July 29 to August 3.

An Interlocking Plant.

The Pennsylvania and Baltimore &

Ohio have completed plans for an interlocking plant to be put in on the main track of the two roads at Columbus, Ohio. The plant will be located at Leonard avenue and will have 28 levers. It will control the net-work of switches at the approach to the yards just east of the Union station. The switches at that point have been in charge of men, and when the new plant is established their services will be dispensed with. It will not be long before all the switches on the tracks at the approaches to the union station will be controlled by interlocking plants.

Local Railway Notes.

Baltimore and Ohio brakeman M. J. Davis of the L. E. division, has been off on leave of absence for some days.

Assistant Yard Master W. A. King is laying off on account of sickness.

Brakeman Wm. Sutton has been marked up for duty after having been off for a time.

Brakeman T. W. O'Neil of the C. O. division, who has been off duty for some time, has returned to work.

Brakeman J. Elben of the L. E. division, who has been taking a short rest, has resumed.

Brakeman J. W. Willey is laying off on account of the death of a relative.

Brakeman A. Williams of the C. O. division, is taking a short rest.

Brakeman F. E. Hammel of the L. E. division, is on the sick list.

Death of Mrs. Cully.

Word has been received here from Columbus announcing the death of Mrs. Indus Cully, formerly of Hebron, Burin will be made at Hebron.

The Sick.

Miss Sadie Stare is quite sick at her home just north of the city.

Mrs. Anna Richards, who has been suffering with rheumatism for some time at her home in the East End, is rapidly recovering and is now able to be about the house.

Henry Conley, a glass worker at the Heisey works, is quite sick at his home in the East End.

B. & O. CHECKS—The B. & O. pay checks will arrive here tomorrow on No. 7. It is said the company will pay next month in coin.

A gallon of water weighs 10 pounds, a gallon of mercury 1,367 pounds.

VISIT CAMP

AND SHOW SOLDIERS YOU ARE GLAD THEY'RE HERE.

Cars Run to the Ground—Dress Parade 5:30—Band Concert 8 p. m. A Fine Camp.

Those who have not yet visited the camp of the Sixth regiment, Ohio National Guard, at the state encampment grounds have missed a pretty sight, and a royal welcome from the officers of the regiment. However, it is not too late yet, as the regiment will not break camp until the first of the week.

Now that the electric cars run right to the camp ground over the new tracks that have been laid from the main line, it is easy for Newark people to visit the camp. A special car leaves the public square on the hour and every half hour and returning, leaves the camp ground at a quarter of the hour and a quarter after all day and up to 11:30 p. m. The fare is only 5 cents each way.

The dress parade, one of the prettiest sights of the camp, is to be seen at 5:30 each evening. To be sure this is an inconvenient hour for many people to visit the camp but the officers thought that owing to the hot weather it would be better for the men to have dress parade before supper. Those who cannot visit the camp in time for dress parade can go out later in the evening in time for the band concert, which takes place at 8 p. m. The Sixth's band of 38 pieces is a fine one and it can turn out music like one reads about. It is worth a trip to the camp ground to hear that band play one tune.

Aside from these considerations, it is a pleasure to visit the ground to meet the officers and men—one of the finest bodies of soldiers ever in Newark. From Colonel Stanbery down the men are good soldiers and splendid gentlemen. A cordial welcome awaits the Newark people and the soldiers want the people to visit the camp.

Up to date the attendance has not been large.

It is a duty Newark people owe to the Sixth regiment to see that proper recognition is given the soldiers' presence in the city. Visit the camp and get acquainted with the men and show them that you are glad they have come to town. Make them want to return.

Remember the electric cars will take you right to the ground.

Captain J. M. Wier of Toledo, late Captain of Co. A, Sixth regiment, together with his little son, Lawrence, is in attendance at the encampment of the Sixth regiment at Camp Baumgardner. The Captain is the present Clerk of the Courts of Lucas county.

Deputy Sheriff J. C. Newton of Lucas county, is taking in the encampment of the Sixth regiment at Camp Baumgardner.

(Continued on Page 5.)

Flicker Club at Avondale.

The Flicker Club of Avondale, extends an invitation to all their friends to visit them while in camp. The fellows in camp are: Phil Meyers, hatchet carpenter; Father Norris, fisherman; John Schimpf, carpet hanger; Jess Athey, chief cook; James Fitzgerald, bottle washer; Charley Schimpf, man-of-no-work; Ed. Graef, sunflower-leaf-stogie-maker-for-campers. Their garden rake and wash-stand will be on exhibition when they return. The cooking utensils will be sold at auction to get money to return home.

TWELVE

Men Taken Into the United States Army at the Newark Recruiting Office.

Sergeant Gutjahr, who has charge of the recruiting office here informed an Advocate reporter today, that 12 men have been taken in the service here since the recruiting office was opened. The names and places of residence of those enlisting are as follows: David R. Williams, Newark; William H. Warden, Newark; John Vermillion, Clay Lick; Anthony J. Mewer, Germany; William D. Luganbeal, Muskingum county; Arthur B. Wheeler, New Way; William Mills, Newark; Alva Kimble, Newark; Jas. E. Ray, Newark; Joseph F. Smith, Newark; Charles C. Cloud, Newark.

Over 7,000 men deserted from the French army last year. Great Britain's record for desertion, is under 300 in one year.

BUCKEYE NEWS BRIEFS FROM MANY TOWNS

Belmont—R. D. Smith, a wealthy citizen of Rockford, Ill., who, while ill in a hotel at Belmontaine several months ago, was nursed by Miss Jennie Bayless of Champaign county, returned yesterday and made Miss Bayless his bride.

Zanesville—Six burglaries have been committed in the Terrace residence district inside ten days, and culminated in a man hunt last night, and the capture of the thief, who gave his name as Cockrell.

Kenton—Frazee Summers, a wealthy stock buyer, took his first ride on a train yesterday. He is 86 years old and has lived here since 1845. He came from Sistersville, W. Va., to Kenton, leaving his brothers and sisters in that state. During the Civil War he lost trace of them, and for the past 40 years has mourned them as dead, but accidentally learned they were living. As soon as he became certain he broke his record by boarding a train for the first time in his life and left for West Virginia. This is also the first time he has been outside of Hardin county since '46.

Lorain—An engine in the Lorain Steel company's yard was demolished when the rails spread, and Conductor James Mushrush and C. E. Mingus were killed instantly. Engineer Ed. Peden, Fireman Alex. Cameron and Brakeman Frank Carl were injured.

Chillicothe—Mrs. Peter Morris, wife of a prominent Ironyman of Bainbridge, was fined \$1 and costs by the Mayor on the charge of disorderly conduct, her particular offense being a vicious attack in public upon a young lady named Josie Ryan, whom Mrs. Morris accused of receiving undue attentions from her husband. Josie got the best of the fight.

Bucyrus—A woman named Ginqres, wife of an itinerant umbrella mender, notified the police that her husband was about to sell her. When the Town Marshal arrived sure enough the old man was in the act of disposing of her and his horses to a potato peddler, who had contracted to pay \$5 for the horse and \$3 for the woman. The deal fell through.

Dresden—Baline Wartenbee, aged 17 arrested a month ago for attempted assault on a seven year old girl, was arrested on a similar charge filed by Pearl Jones, aged 18, daughter of Randolph Jones, a prominent farmer of this place, who asserts he assaulted her Tuesday and Wednesday evenings as she was returning home from work.

Toledo—Court records of Lucas county, just issued, show that one marriage in every five ends in a divorce. The figures indicate almost one in every four. This beats Cleveland's record of one in seven.

Logan—Two men named Logan and Karshner who live at a little town named Haynes in the western part of the county, had an encounter which may terminate fatally to one of them. Dan Karshner who is a very prosperous farmer, and his wife, who are childless adopted a girl 15 years of age. Frank Davis, who is a neighbor, is accused by neighborhood talk of being too attentive to the girl. She recently disappeared and no trace of her could be found. Davis and Karshner met, and hot words passed. Davis struck Karshner on the head with a hatchet, cutting a fearful gash and knocking him insensible. It is feared his skull is fractured. Davis is an ex-convict and has been arrested.

Toledo—Mayor Jones addressed a written reply to Police Judge Wachanheimer yesterday in which he roasts the Judge to a finish and makes startling charges against Police Court methods and practices. The reply fairly sizzles, and amounts to an open defiance to the police judge.

Marietta—The first of a series of cases instituted by the Anti-Saloon League against the saloon keepers of Marietta was heard in Squire Kill's court, H. H. Hollis being the defendant. The charge was Sunday selling, and the defendant was discharged on motion of the league's own attorney, M. B. Wheeler, of Cleveland. The affidavit against Hollis was sworn to by Rev. Virgil Boyer, pastor of Harmer Congregational church, but the two witnesses examined knew nothing of the case. Rev. Mr. Wright, the Anti-Saloon League's representative, has the work in charge, and asserts that he intends to bring about the arrest of all the 54 saloon keepers in the city.

RETURNED HOME—Charles H. Jackson, late regimental quartermaster sergeant of the 48th infantry, U. S. A., has just returned from the Philippines, and is now visiting his mother, Mrs. Penina Jackson in Granville.

CAMP BAUMGARDNER

Members of Sixth Mustered for Pay This Morning, by Col. Hopkins--General W. V. McMaken's Beautiful Saber-- High Scores That Were Made at Target Practice.

The principal feature at the camp today was the mustering of the regiment for pay by the mustering officer, Col. O. J. Hopkins.

There was also a good battalion drill and the competitive shooting spoken of above.

Company H was excused from regimental drill this afternoon. They are the only company in the regiment, entered in the prize drill at Columbus in September, and were excused that

issued will have to be accounted for. If a man returns everything issued in good shape he will receive his pay in full, but everything lost or damaged will be deducted from his pay at the following rates:

Service hat, 90c.
Forage cap, 74c.
Cap ornament, 11c.
Blouse, \$3.34.
Trousers, \$2.28.

Saber belts, \$1.17.
C. L. Gardenr and F. F. Fish of Napoleon, who were with Company F during the Cuban campaign, are guests of the company.

Ten members of Company F have but recently returned from the Philippines. They immediately re-enlisted and came to camp with the companies. They were formerly members of the Sixth and were in the 44th U. S. V. in the islands.

Company M, under command of Captain A. G. Winnie of Port Clinton, is the youngest company in point of service in the regiment, this being only their second encampment. It is now the ranking company of the Third battalion, and is justly considered one of the best in the regiment.

A shower bath was put in this morn-

than the notes and diamonds as no an office: was allowed to subscribe one cent.

The Spanish American War Veterans of the Sixth will be entertained by Licking camp, S. A. W. V., of this city tonight. An informal program will be rendered and refreshments served.

The dress parade of the Sixth regiment at Camp Baumgardner Thursday night was witnessed by a good sized crowd from the city. The weather was intensely hot and about eight of the soldiers in the parade line succumbed to the heat. None of the prostrations however are serious, and the men mostly are again on duty.

After dress parade, about 8 o'clock, the regimental band gave a very enjoyable concert in front of Col. Stanberry's headquarters. A large audience heard the concert.

General McMaken of the First Brigade, of which the Sixth is a part, with Col. Moulton Houk, of his staff arrived at camp Thursday evening and were enthusiastically received. The guard was turned out and every mark of respect was shown the distinguished visitors.

General McMaken was formerly Colonel of the Sixth, and was, and is very popular with the officers and men.

The General's two daughters, Misses Myra and Carolyn, and Col. Houk's cousin, Miss Chase, were with the party.

The preliminary shooting was finished Wednesday afternoon, under the direction of Captain D. H. James, inspector of rifle practice. The range was 200 and 300 yards and some really good scores were made. The following are the highest scores made, 25 being possible at both ranges:

Company H--J. Squire, 16 at 200 yards; W. D. Nortonrupp, 7 at 300.

Company I--O. Robinson, 13 at 200; C. Leamon, 11 at 300.

Company L--A. Rolds, 12 at 200, 10 at 300.

Company G--Lieut. Smith, 21 at 200; W. P. Miller and G. H. Dicken, 20 at 300.

Company F--Stockman, 20 at 200; Lazenov, 14 at 300.

Company K--E. Wilson, 18 at 200; E. Rhoades, 18 at 300.

Company B--Lieut. Gaw, 21 at 200; Townsend, 19 at 300.

Company A--Captain Zerfuh, 20 at 200; Lieut. Gibbs, 18 at 300.

Company E--B. Ames, 16 at 200; same man 16 at 300.

Company D--E. Engleman and S. Yates, 17 at 200; C. E. Garner, 16 at 300.

Company J--Corporal J. Wendling, 20 at 200; W. Babcock, 16 at 300.

Company C--Sergeant Kreber, 14 at 200; Sergeant Doane, 8 at 300.

In this preliminary shoot 10 men from each company took 10 shots each. The five highest from each company will enter the contest today, and after they have shot the 15 highest men will contest for the regimental badge.

Immediately after finishing Wednesday afternoon, the new targets were placed in position, and the contest was begun at 7:30 this morning.

The rifle range is now joined with the camp by telephone connections, it being about a half mile from headquarters.

Edward, the youngest son of Capt. E. W. Rydman, is ill at camp, but nothing serious is anticipated.

General W. V. McMaken of Toledo, Who Arrived in the Camp Last Evening.

they might work on the program. Co. H is known as the Toledo Rifles and Captain Squire is justly proud of them. They have also the honor of having won three headquarters orderlies since the camp has started, Private Hoerbocker having been chosen this morning at guard mount.

It may be interesting to state that

Leggins, 45c.
Overcoat, \$8.77.
Poncho, \$1.35.
Blanket, \$3.40.
Tin cups, 15c.
Knife and fork, 12c.
Spoon, 2½c.
Rifle, \$12.09.
Bayonet, \$1.03.

ing back of the cook tents, which is greatly appreciated. A couple of officers are needed and will doubtless be supplied.

Captain C. B. Wilcox of Company B is officer of the day today, Lieutenant Harry Cumming of Company H, officer of the guard and Lieutenant M. H. Pugh, Company A, junior officer of the guard.

Captain James Duffy of Sandusky, has been the guest of his son, Captain William H. Duffy, regimental adjutant, and will remain until the end of the camp. Captain Duffy is a civil war veteran and is a great favorite in camp.

An open air minstrel show will be given by the regiment Saturday evening under the direction of Sergeant Sherman of Company H. Everybody is invited.

The boys of Company B and others, gave an impromptu open air concert Thursday night which was greatly enjoyed, there being a number of fine voices heard.

General W. V. McMaken, formerly Colonel of the Sixth regiment showed an Advocate reporter the saber presented to him at Augusta, Ga., May 12, 1899. It is of most beautiful material and workmanship, and cost five hundred dollars. The hilt is of solid gold mounted with rubies and diamonds. The blade is of chased gold and has on it the following inscription: "Presented to Colonel W. V. McMaken by the enlisted men of the Sixth O. V. I., Spanish-American War." On the scabbard is a coat of arms of the United States surrounded by beautiful workmanship, set off with diamonds, rubies and emeralds. Lower down is the raised figure of an American soldier, the American and Cuban flags being intertwined about him.

General McMaken has been an officer in the National Guard for 22 years, 18 of which he was captain of the famous Toledo cadets, who won prizes in competitive drills all over the country. One officer said today that General McMaken was undoubtedly the most popular volunteer officer in the service of the United States during the Spanish American war.

The general said he valued the inscription on the saber blade more

Scabbard, 81c.
Gun sling, 48c.
Swords, \$4.50.
Blanket bag, \$1.35.

Band Concert and Dress Parade.

During the encampment of the Sixth Regiment O. N. G., there will be a band concert and dress parade every evening.

Special car will leave square for the camp ground every 30 minutes during day and night. 7-16d6c

Excursion to Chicago via Pennsylvania Lines--July 24th, 25th and 26th, excursion tickets to Chicago, account International Convention Baptist Young People's Union of America, will be sold via Pennsylvania Lines. For particulars see Ticket Agents.

FINE CATCH--One of the finest catches of fish that has ever been made in this vicinity, was that which was made by Messrs. William Showman, John Howard, Edward Frey and Bunt Long, in the waters of Licking river near the Children's home, on Thursday. The boys succeeded in landing over sixty-five pounds of fine fish, mostly Blue Channels and Yellow Cat. They weighed from half a pound up to five and a quarter pounds.

J. M. Butler of Buffalo, was in the city Thursday.

What S. S. S. Does for Children

Children are constantly exposed to all sorts of diseases. The air they breathe is filled with germs, sewer gas and dust from the filthy streets are inhaled into the lungs and taken into the blood. At the crowded school rooms and other public places they come in contact almost daily with others recovering from or in the first stages of contagious diseases. You can't quarantine against the balance of the world, and the best you can do is to keep their blood in good condition, and thus prevent or at least mitigate the disease. You have perhaps learned from observation or experience that healthy, robust children (and this means, of course, children whose blood is pure) are not nearly so liable to contract diseases peculiar to them, and when they do it is generally in a mild form. On the other hand, weak, emaciated and sickly ones seem to catch every disease that comes along. This is because their blood is lacking in all the elements necessary to sustain and build up the body. Poisons of every description accumulate in the system, because the polluted and sluggish blood is unable to perform its proper functions.

Such children need a blood purifier and tonic to give strength and vitality to their blood, and S. S. S., being a purely vegetable remedy, makes it the safest and best for the delicate constitutions of children. S. S. S. is not only a perfect blood medicine, but is pre-eminently the tonic for children; it increases their appetites and strengthens the digestion and assimilation of food. If your children have any hereditary or acquired taint in their blood, give them S. S. S. and write to our physicians for any information or advice wanted; this will cost you nothing, and will start the little weaklings on the road to recovery. Book on Blood and Skin Diseases free.

WEAK MEN AND WOMEN

The France Treatment Will Make You Strong.

BLOOD POISON, VARICOCELE, STRICTURE

and Diseases of Men and Women Positively Cured by THE FRANCE TREATMENT.

THE FRANCE MEDICAL INSTITUTE.

38-40 West Gay St., Columbus, Ohio
One Block North of the State House

Established 1886. Largest Practice and Most Complete Institute of its kind in U. S. Our record of wonderful cures is second to none. During the past 20 years we have successfully treated thousands of cases. Our practice extends not only throughout the United States, Canada, and Mexico, but also includes many foreign countries. Our long experience, remarkable skill, and universal success for the past 20 years in Ohio, entitle us to the full confidence of the afflicted. The celebrated France Treatment is acknowledged by many, including prominent physicians, as being the most complete and successful treatment known to the medical world, for diseases of men and women. Wonderful cures effected in old cases which have been unskillfully treated. Our success is indicated by cures referred to in the First National Bank, or any bank or reputable business house in Columbus, Ohio, besides any reliable mercantile agency can be consulted as to our financial standing.

NO MONEY REQUIRED OF RESPONSIBLE PARTIES TO COMMENCE TREATMENT.

WHAT WE TREAT. We positively cure all curable diseases of the Stomach and Bowels, such as Dyspepsia, Constipation, Piles, Diarrhea, Eye and Ear Diseases, Deformities and Surgical Diseases; Chronic and Desperate Rheumatism, Heart and Liver Diseases; Blood and Skin Diseases, such as Scrofula, Ulcers, Eczema, Pimples, Freckles, etc.; Female Diseases, especially those which have baffled the skill of other physicians. Epileptic Fits, Rupture permanently cured by a new scientific method. Brain, Spinal and Nervous Diseases, Paralysis, Locomotor Ataxia, Neuralgia, Sciatica, Lumbago, Headache, Sleeplessness, Dizziness, Brain and Nervous Exhaustion, and Spinal Irritation. Cancer cured without the use of a knife. Kidney and Bladder Diseases, Bright's Disease, Diabetes, Inflammation of the Bladder, Enlarged Prostate, frequent urination, etc. Throat, Lung and Nasal Diseases, such as Catarrh, Bronchitis, Asthma, Consumption, Deafness, etc., cured by our original system of home treatment.

It costs no more to employ an expert than to risk your life with an inexperienced physician.

PRIVATE AND SEXUAL DISEASES. A perfect cure guaranteed in all curable cases. Gonorrhea, Syphilis, Spermatorrhea, Seminal Weakness, Effects of Youthful Indiscretion and Sexual Excess, Nervous Debility, Exhausted Vitality, Confusion of Ideas, Aversion to Society, Loss of Memory and Energy, Impotency, etc., quickly and permanently cured by an original treatment. Gonorrhea, Syphilis, Gleet, Stricture, Hydrocele, and Varicocele cured in the shortest possible time without the use of mercury or hindrance from business. Curable cases guaranteed when others have failed. Low charges; consultation free.

The France System of Local Treatment with Medicated Pad for Men is positively the most complete and successful known for Varicocele and Stricture, also weak and undeveloped organs.

IMPORTANT TO LADIES. After years of experience, there has been discovered the greatest cure known for all diseases peculiar to the sex. Female diseases positively cured by a new method. The cure is effective and imparting no harm. It is a simple and easily applied. Consultation and correspondence free and strictly confidential.

OUR MEDICATED BOUGIE NEVER FAILS TO CURE.

THE FRANCE URETHRAL TREATMENT is a medicated Bougie for the cure of Stricture and all forms of Diseases of the Bladder, Urethra, and Prostate Gland. The Bougies are inserted into the urethral canal upon retiring at night, and slip into position without the slightest effort, requiring no time to disperse. They act like a mild electric current, irritating and imparting to the entire body. The curative effect is felt from the first application. Our special treatment completely dissolves the Stricture and permanently removes obstructions from the urinary passage.

Treatment by Correspondence. Each person applying for Medical Treatment should send to the entire box. We cure for the sake of the cure, and list of 500 questions. Correspondence, consultation, and treatment free and strictly confidential. No names published without the written consent of the patient. Treatment given by mail or express to any part of the United States.

UNIONISM

AN ADDRESS BY PRESIDENT D. A. HAYES.

Labor, Past and Present by B. Balzer.

Handsome Program of Milwaukee Convention.

A handsomely illustrated program in book form was published for the 25th annual convention of Glass Bottle Blowers of the United States and Canada at Milwaukee. It contains a history of the Glass Bottle Blowers' association; Injunctions, by Vice President Doughty; Reminiscences, by Treasurer Anth; Benefits of Organization, by H. Jenkins; Justice and Liberty, by James J. Dunn; Labor Organizations a Moral Force, by E. A. Agard; Address on Unionism, by President D. A. Hayes, of Newark, and Labor: Past and Present by B. Balzer, of this city.

The last two articles are reproduced as follows:

Address on Unionism by President D. A. Hayes.

The natural instinct of all men is to be free and happy, hence we love and honor the memory of all those heroes of every country and clime who fought and suffered in order that their fellow-men might be free and no longer ruled by kings or despots; and in this country especially, it has fallen to our lot to be living in a day when there is more liberty than at any other time. But of this one class has too much, while the other has scarcely any, for the political freedom established by the founders of this government has not brought us that economic freedom which is most necessary to the happiness and well being of the worker. Because we are still slaves in a competitive struggle the stronger mind takes advantage of the condition of the weaker, hence in business, profit is regarded as being of greater value than happiness of the laborer. The flow of wealth increases yearly in the hands of a few, while those who toil the hardest are each day facing a more difficult battle to live. This is no exaggeration my friends; think of the struggle to secure and maintain living wages, of the women and children that work in factories, and the heartaches that come to the laborer at the approach of old age, or the fear that a fellowman will take from him the right of earning his bread.

Therefore we are enlisted in a movement to correct and overcome these abuses which abound in our industrial system. For if those who labor received higher wages and worked less hours, there would be a more equal distribution of wealth, fewer millionaires, more children at school and more comfortable homes.

This is what organized labor is trying to accomplish. We stand for human liberty and happiness: what a magnificent endeavor to be engaged in. So, brethren, come and join us. We are marching toward a conquest, the conditions of which require courage, sympathy and a firm determination to toil awhile, endure awhile, believe always and never turn back.

DENNIS A. HAYES, President Glass Bottle Blowers' Association of United States and Canada.

Labor, Past and Present, by B. Balzer.

There is such a contrast between the condition of the workman of today and what he enjoys in the way of advanced opportunities and social position over that of his earlier fellow-workman, that it seems almost beyond belief that men could ever exist under, or submit to, the conditions of earlier times. Labor has at last overcome the burden which has so long been borne under misunderstandings and false ideas. Through organization the workman sought means of relief, and by a sapient effort succeeded in breaking through the gloom. A brighter future now dawns and we are beginning to enjoy the fruits of labor, not as a heritage to all who toil. Let us therefore endeavor to continue the good work and advance the interest of those who must come after us, and leave our imprint upon the annals of history to guide those who must continue the effort after we have ceased to take an active part. Let us advance the standard beyond the point found by us upon our entrance in the field of labor. Today there is general revival amongst the Trade Unions of the country, and the great interest shown by the unorganized to become a part of the great body of organized labor, makes it plain that they realize that protection lies in the strength of numbers, and that sheer necessity compels the workmen to form combinations.

In England a legitimate trade society could not exist or be established prior to 1824; up to that date they were unlawful associations in restraint of trade, or under the ban of some other fiction of law. Happily Trade Unions have lived down the aversion formerly entertained toward them, and the public has learned that they are an important social as well as an industrial force. Even the politician recognizes them as a political power, whose strength the Unions fail to use for their own good, but yield to the seductive influence of the practical political manager. But some day this blind giant will awake to a realization of his power and possibilities in the political field and be entirely independent of the political manager.

The contrast between the condition of the laborer in the earlier part of the last century and what he now enjoys under the new order of things, as conducted by modern Trades Unions, is truly remarkable. He is no longer a mere machine, but a free citizen of the State—a Man. How absurd it seems to us today when we realize that during the earlier part of the 19th century or as late as 1832, when the merchants and builders of Boston, Mass., voted to discountenance and check as they then termed them, the unlawful combinations formed to control the freedom of the individuals as to the hours of labor. They held that the tendency of organized labor was pernicious and demoralizing, claiming that trade would be driven away from their city, and finally that they would neither employ any journeyman who at that time belonged to such combinations, or give work to any master mechanic who employed them. These resolutions were signed by one hundred and six firms. But the propaganda of labor associations gradually extended to the great cities, and ultimately to all parts of the land.

How different were the views taken by William Ellery Channing, Robert Rantoul, James G. Carter and others, who advocated the claims of organized labor. Education and educational means were preached as the surest methods of reaching the aims of the labor organizations. The whole burden of Channing's lectures was on self-culture and the laboring classes; he had great confidence in them, believed in their wisdom and integrity, and the moral power to enable them to meet the great questions of the times.

Carroll D. Wright said: "The story of labor organizations—their course, their future, the philosophy underlying them, the influence they have exerted in many directions, would fill many volumes in itself."

It is sufficient here to say, no matter what the opposition of any particular period was, or the character it assumed; no matter what antagonism disturbed the order, labor organizations from 1825 continued through success and failure, until we stand in the midst of the strongest and greatest power for permanent good ever established by man on earth.

BERNARD BALZER, Member National Executive Committee.

C. L. McCracken of Croton, was in the city Thursday on legal business.

Itching Scalp.

Scald Head and the most Violent Forms of Eczema, Itching Scalp, Ringworm, and Thoroughly Cured by Dr. A. W. Chase's Ointment.

Among small children, scald head and similar itching skin diseases are most prevalent, and the worst feature is that these ailments, which are apparently trivial at first almost invariably develop into chronic eczema if neglected.

There is but one treatment that physicians are unanimous in recommending for scald heads and eczema, and that is Dr. Chase's Ointment, the great antiseptic healer. It promptly stops the distressing itching which accompanies these diseases and positively produces a thorough and complete cure.

Mr. J. H. Grant, 716 Joseph Chapman avenue, Detroit, Mich., writes:

"For three years I have been troubled by an intense itching on my body. So terrible was it at times that I could get no rest night or day. I tried all kinds of ointments and blood purifiers, but could get no relief. Mr. H. A. Nicolai of 379 Division street recommended Dr. Chase's Ointment. A few applications stopped the itching and I have felt nothing since."

Baby Eczema.

Mr. F. S. Rose, of 133 Sixteenth street, Buffalo, N. Y., writes:

"Our baby boy suffered for some time with that wretched eczema, and we were unable to find anything to cure or even relieve his pain. A few applications of Dr. A. W. Chase's Ointment stopped the itching and healed the sores, and a bright, natural skin now takes their place."

50 cents at all dealers, or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.

The Newark Real Estate and Improvement Company to Daisy E. Harrington, lots 33 and 31 in the Newark Real Estate and Improvement Company's Hudson Park Addition to Newark, \$100.

Kokomo, Ind., Aug. 10, 1899.

Pepsin Syrup Co.,

Dear Sirs:—For the past ten years I was troubled with my stomach. About four years ago I was taken down with rheumatism; was not able to do a day's work for three years. All medicine seemed of no benefit to me. A year ago I was advised to take Dr. Caldwell's Syrup Pepsin. I truly believe I would have died but for this medicine. My rheumatism is entirely gone and my stomach is in good condition. It has saved my life and I cannot recommend it too highly.

Yours respectfully,

ELWOOD McCracken.

Sold at Johnson's and Hall's drug stores.

MOVED TO NEWARK

(Utica Herald.)

A. W. Nicholas and family removed to their new home in North Newark last Friday, their household goods going by teams. They will be missed very much by Utica people, especially by the members of their church. Mr. and Mrs. Nicholas have both for years been among the most forward church workers and the services of their daughter Miss Joy have always been ready as organist or in any other capacity in young people's meetings.

Mrs. Taylor, whose home is with the family, remaining here to visit friends for a few days. As an indication of the appreciation in which she is held we note that the missionary society of which she was an honored member recently presented her with a memento of her Utica friends, consisting of a fine pair of gold framed spectacles and a five dollar gold piece.

\$1 Excursion to Columbus \$1.

On Sunday, July 21 the B. & O. R. will sell excursion tickets to Columbus, Ohio at rate of \$1 for the round trip. Special train will leave Newark at 9:10 a. m. Tickets good for return on special train leaving Columbus at 7 p. m. same date.

The population of the United Kingdom passed that of France for the first time in 1892.

Baltimore — Butter: Fancy creamery, 20 1/2c. Eggs—Fresh, 13 1/2@14c.

On Trial For Sororicide.

Pittsfield, Mass., July 19.—With the jury empaneled and having been taken to the scene of the tragedy, the testimony of one witness concluded and that of another well under way, the government case against Robert S. Fosburgh, the young man charged with shooting and killing his sister, May L. Fosburgh, Aug. 20, 1900, was fairly started. The evidence was of a purely technical nature and was confined exclusively to descriptions of the Fosburgh house and contents and testimony by the medical examiner of this district.

Made Machines For Mints.

Philadelphia, July 19.—Arthur Orr, 84, builder of the coining presses used for many years in the United States mints in Philadelphia, Carson City, San Francisco and New Orleans, died at his summer home at Morristown, N. Y. For many years he made a specialty of mint work, building nearly all the turning presses of the government, many of which are still in use. He also built coining and milling presses for Mexico, Peru and Chile.

TO FORCE THE ISSUE.

Wood Plant at McKeesport Becomes Aggressive.

STRIKERS WILL OFFER NO OPPOSITION

Overture For Arbitration Not Acceptable to Either Side—Last of the Hoop Plants Falls Into Line Giving the Amalgamated Complete Control of That Branch of the Struggle.

Pittsburg, July 19.—The strike situation remains practically unchanged. In the immediate vicinity of Pittsburg the evident intention of the company to attempt the reopening of the Deewe's Wood plant at McKeesport is the only incident so far calculated to cause uneasiness. Notices were posted with probable expectation of securing the early return to town of many of the workers who have gone on fishing and other vacation trips. The strikers were confident enough men could not be secured to operate the mill, and say no opposition will be made to any who may wish to go in.

The most important item of strike news that has reached Pittsburg so far was the action of the men employed in the Duncansville plant of the American Steel Hoop company. A telegram from the men was received by President Shaffer asking if they should strike. The message was a surprise for the Amalgamated people, as they were not looking for this news so soon. President Shaffer answered telling the men not to come out unless they were organized; if organized, they should strike, for they were needed. Subsequently a telegram was received from Duncansville asking that an organizer be sent there at once. In compliance with this request Vice President John Pierce started for Duncansville to complete the organization. The Duncansville plant is the last of the hoop plants to remain at work and Amalgamated Association officials say that if they are successful in closing this plant they will be masters of the situation as far as the steel hoop company is concerned.

The action of the Ohio board of arbitration in offering to bring about a settlement of the strike created some talk in steel circles. M. M. Garland, former president of the Amalgamated Association, and at present collector of the port, said, "I can not see what there is in this question to arbitrate. The question can not be settled except by the complete breakdown of one side or the other on a matter of principle."

A dispatch from Monnessen says: In spite of all efforts to the contrary, the tin mill here is running at full, and as far as present appearances indicate it promises not to be affected in the slightest by the strike. The employees are satisfied with the voluntary advance made by the combine and will continue to work along non-union lines. Of the 500 striking steel hoop men many have left for their homes, as they are of the opinion that the contest is to be long and bitter. The hoop mill is closed down with the exception of about 20 men who are making some needed repairs.

The storm center of the great strike shifted from Pittsburg to Wellsville. News that the Wellsville plant of the American Sheet Steel company was in shape to run in full and that men would be imported from Vandegrift, Pa., and other points to work the mills, caused President Shaffer of the Amalgamated Association to rush there from Pittsburg to give courage to the striking mill men. It was one of the most interesting days in the history of this part of the upper Ohio valley. A procession of several thousand people followed the Amalgamated officials to the city hall, where the public meeting was held, and at which President Shaffer was the principal speaker. Never was there a more orderly crowd than that which listened to Mr. Shaffer's explanation of the labor difficulty. Suppers at home were allowed to grow cold and it was not until the last train for Pittsburg had whistled at the station below that President Shaffer ran from the building, adjourning to meeting until today at 2 p. m.

To Develop Kentucky Ore Fields.

Chicago, July 19.—Through the efforts of the Illinois Central railroad management a syndicate of St. Louis capitalists has been formed for the purpose of developing the iron fields of Kentucky. The syndicate is headed by John W. Harrison, formerly president of the Stuckie Hardware company of St. Louis, has purchased 60,000 acres of land in Trigg county and has started two 100-ton furnaces at Grand Rivers. Based upon months of investigation by experts, the members of the syndicate declare the Kentucky lands will within a few years become the greatest source of supply for iron ore in the United States. This belief is also shared by another syndicate headed by a Milwaukee capitalist whose name the Illinois Central officials refuse to disclose at present. It is announced that the Milwaukee contingent has leased 6,000 acres of land and has put up a 50-ton furnace at Paducah. It is the purpose of the Milwaukee company to buy or get long term leases on many thousand acres and to erect a number of large furnaces in the near future.

Secretary Hay's Vacation.

Washington, July 19.—Secretary Hay left here for his summer home at Newbury, N. H., expecting to be away from Washington until autumn unless business should require his return earlier. Dr. Hill, the assistant secretary, will act as secretary of state until August, when he will go on leave and Mr. Adey, the second assistant secretary, will assume charge.

Advocate Puzzle Picture.

WHERE IS THE PLAYMATE THE TWO LITTLE GIRLS ARE WAITING FOR?

HOMELESS

WANDERER FOR MANY YEARS IN THE CITY.

Seeking Aid From Authorities—Once a Teacher—A Romance of Fifty Years Ago.

A very intelligent old gentleman arrived in Newark late on Thursday afternoon, seeking aid from the authorities to continue his journey to Pittsburg, where he hopes to receive permanent aid. His name is Mark Mikalenez, and he is a native of Poland, where he was born 87 years ago. Notwithstanding his extreme age, he seemed as active and well preserved as the average man of 70. He was educated at Vienna, and served in the Austrian army for 20 years. He was engaged over 50 years ago to marry a titled young lady in Italy, but the authorities interfered with the match and broke it off. The young lady shortly afterwards died and Mikalenez has been a homeless wanderer ever since. He came to the United States 55 years ago and has taught school all over the country, teaching continuously in Pittsburg for 15 years. He has his diplomas from the various institutions from which he graduated in the old country, and other documents showing that he has taught school in Pittsburg, Baltimore and other prominent cities in the United States. He is a very intelligent old gentleman to talk to as he is a great observer of men and events, but his case is certainly very pitiful. Township Trustee Everts afforded him the needed relief and he started on his way to Pittsburg.

The Modern Beauty

Thrives on good food and sunshine, with plenty of exercise in the open air. Her form glows with health and her face blooms with its beauty. If her system needs the cleansing action of a laxative remedy she uses the gentle and pleasant Syrup of Figs, made by the California Fig Syrup Company only.

In the Prisoner's Hand.

Muncie, Ind., July 19.—The feather-weight fight between Gus Bozenah of Cincinnati and George Monroe of Brooklyn ended in favor of the former in the thirteenth round of what was to have been a 20-round fight. Both men fought furiously to the thirteenth, when Bozenah knocked Monroe over the ropes against the press box, laying his cheek open. As the easterner came up another uppercut on the jaw floored him and he was counted out. There were 1,000 people present. Kid St. Clair of Louisville challenged the winner.

The Shortland Buttermaker.

Indianapolis, July 19.—Governor Durbin honored a requisition from Governor Bliss of Michigan for W. F. Williams, alleged to have swindled G. N. Baldwin of that state out of \$5,000 by a "new and useful process of short-hand buttermaking." Baldwin made affidavit that W. F. Williams, now under arrest at Whiting, sold him the right to the state of Michigan for the purpose of selling the new buttermaker. Williams is alleged to have guaranteed that his process would make 100 pounds of butter out of 100 pounds of milk.

Treasury Statement.

Washington, July 19.—Statement of the treasury balances in the general fund, exclusive of \$150,000,000 gold reserve in the division of redemption: Available cash balance, \$173,733,415; gold, \$97,338,765.

DEWEY COULD DO IT.

Naval Officials Want Him to Officiate at King's Coronation.

Washington, July 19.—The suggestion was made by a rear admiral in high standing that Admiral Dewey should be given command of a large squadron, comprising the best types of our new ships, to be present at the coronation of King Edward VII. The navy department has not thus far taken up the question of naval representation at this event, but the suggestion concerning Admiral Dewey and a large squadron of fine ships meets with general approval among high naval officials.

It is expected that the naval pageant at the time of the coronation will bring together some of the finest ships possessed by European countries, and for that reason it is urged that the United States should be represented by some of its best ships under Admiral Dewey.

Damage Cases Dismissed.

New York, July 19.—Judge Lacombe of the United States district court, on motion of counsel for plaintiffs, dismissed 20 suits brought by members of the Sixty-ninth regiment against the Louisville and Nashville railroad to recover damages for injuries received in the wreck of a train near Chattanooga, while they were being transferred from one camp to another during the war with Spain. There were about 70 suits in all brought by members of the regiments. Two or three were brought to trial, resulting in the recovery of damages for small sums.

Salt Trust Reduces Prices.

Chicago, July 19.—It is claimed that the salt trust, known as the Michigan Salt association, has reduced the price of the commodity from 70 cents to 45 cents a barrel. A large surplus of salt has been accumulated by the trust and by the disposal of this at reduced prices the competition of smaller dealers, it is thought, will be greatly curtailed. Representatives of outside companies say they can stand as much of a fight as the trust.

Aged Banker Found Dead.

New York, July 19.—Horace Gray, 80, merchant and banker, was found dead in bed at his home in this city. It is thought death was the result of heart disease. He was born in Boston.

Wisconsin Bank Closed.

Chilton, Wis., July 19.—The German Exchange bank of this city has been closed and Deputy Bank Examiner Bartz is in charge. The capital stock is \$50,000.

Ingenious.

"What kind of punishment do you think would be proper and effective in your case?" "Well," answered the eminent Mongolian, "you know the Chinese are famous for their curious ideas about things. Nothing is supposed to hurt our feelings more than being under obligations to an enemy. I would suggest that you humiliate us by forcing us to take money."—Washington Star.

CUT TO THE CORE.

Telegrams That State Facts Without Going Into Details.

George Herrick, formerly of New York, found dead in bed in London. Senator Clark reported to have invested 10,000,000 roubles in Ural copper mines, Russia.

Francis Schlatter, divine healer, arrested in Washington on charge of vagrancy.

Religious processions attacked and convents stoned at Saragossa, Spain; 40 wounded.

Chicago fruit merchants said to have used formaldehyde to preserve fruits and vegetables.

Henry Alexander, colored, killed William Bennett and Benjamin Carter, white, at Dingess, W. Va., and fled.

Total number of Chinese in United States \$9,900, decrease of 17,675 since 1890. Japanese increased from 2,031 in 1890 to 24,300 in 1900.

POPULISTS TO MEET.

Will Put a Ticket Into the Ohio Field This Year.

CALL FOR CONFERENCE IN COLUMBUS

Evident Effort to Unify the Minor Parties and Dissenting Democrats. Headquarters of the National Democratic Committee to Be Removed to Washington—Political News.

Cincinnati, July 19.—Jo A. Parker, chairman of the People's party national committee, has issued a call for a conference of Ohio Populists and all those who favor the amalgamation of all independent reform forces into an allied third party to meet in Columbus July 30 for the purpose of placing a state ticket in the field this year. He has also issued a call for a national conference of Populists and others to be held in Kansas City Sept. 17 to 19, for the purpose of allying all reform parties which agree with the amended Populist platform.

A call has been issued for a conference in Columbus, July 31, of those Democrats who oppose the platform adopted at the Democratic state convention. This call for a conference of the Populists the night previous to the conference of the dissenting Democrats, is considered a movement for an attempt to form a Fusion third party in the pending election in Ohio.

Democratic Headquarters.

Chicago, July 19.—Democratic national headquarters in Chicago will be closed early next month. The records of the office will be sent to Washington, where the little work to be done by the national committee between now and the opening of the next presidential campaign will be transacted under the supervision of National Chairman J. K. Jones. National Executive Chairman J. G. Johnson and National Secretary C. W. Dalch will engage in other work and both will leave Chicago. The Working Democracy, the paper heretofore published by the national committee in the west, will cease, at least until the approach of the next presidential campaign. It is said that the cause of the transfer from Chicago is that the visible returns were not commensurate with the expenses.

Explained by Bryan.

Lincoln, Neb., July 19.—In a statement for the press W. J. Bryan gives his version of the story that Aguinaldo promised him financial assistance in his campaign a year ago. Mr. Bryan says it was while he was in New York that two Filipinos sent a request to confer with him. He declined to meet them and sent a friend to explain that he did not think it proper to hold a conference. The Filipinos said Aguinaldo was willing to issue a proclamation promising to lay down arms in case of Mr. Bryan's election, and also willing to contribute to the Democratic campaign fund, but Mr. Bryan refused to consider either proposition and did not require them to furnish any evidence of their right to represent Aguinaldo.

Knox at Canton.

Canton, O., July 19.—Attorney General Knox spent Thursday with the president, then left for Pittsburg, where he will remain several days. He said his visit related wholly to departmental business in connection with the appointments of a number of United States district judges, attorneys and marshals, especially several judges for the territories. Mr. Knox said all talk about his coming here for a conference on strike settlement was nonsense, and that the subject had not even been talked about.

Virginia's Prohibition Ticket.

Richmond, Va., July 19.—The Prohibition state convention nominated O. C. Rucker of Bedford for governor, W. T. Bondick of Accomac for lieutenant governor, and A. S. Lee of Salem for attorney general.

Lamb Salad.

Cut cold lamb into neat little cutlets or chops and lay them in a deep dish. Put one ounce of gelatin into one quart of stock, with a teaspoonful of tarragon vinegar, pepper and salt, and stir over the fire until the gelatin is thoroughly dissolved. Boil a few minutes and strain over the lamb, and when quite cold cut the cutlets carefully out of the dish, with as much jelly as will adhere to them. Have ready a salad piled high on a dish, lay the jellied cutlets around it, chop up the rest of the jelly, strew it over the salad and garnish with sliced tomatoes.

Holy City Famishing.

London, July 19.—"Drouth and famine threaten the Holy City," says a Jerusalem correspondent in a communication dated July 6, "on account of the scanty water supply, due to the insufficient rains of last winter. The sultan has granted permission to the municipality to bring water from the pools of Solomon through iron pipes into the city along the line of Solomon's stone aqueduct. The new works were begun on telegraphic orders from the sultan, who contributes a large sum, and will be finished in two months."

No Rebate on Borax.

Chicago, July 19.—Packers throughout the country will lose hundreds of thousands of dollars each year if a decision announced by Judge Kohlsaat in the United States circuit court is sustained in the higher courts. The court ruled that borax used in preserving meats for shipment does not constitute the manufacture of a new article. For this reason he held the packers are not entitled to a rebate on tariff dues.

NOW is the time the body needs a revitalizing agent; when the nerves, the blood, the stomach and digestion need reinforcing.

NOW is the time you need Hagee's Cordial of Cod Liver Oil combined with Hypophosphites of lime and soda.

Don't shudder at the thought of Cod Liver Oil—that day is past. Hagee's Cordial contains the active principles only. The grease is eliminated. The fishy taste is replaced by a pleasing, palatable flavor. The stomach accepts it and grows strong; the blood absorbs it and grows rich and red. The whole system rejoices in the effect of Hagee's Cordial.

Sold by all druggists. Prepared by Katharmon Chemical Company, St. Louis, Mo.

DENTIST.

For good and reliable dental work, and low prices, I defy competition. Good work is the cheapest. My work is my reference. Teeth extracted without pain by Vitalized Air. If you have work to be done I will save you money if you give me a chance. I will not be underruned by any one. Call and be convinced that these are facts. Extracting 25c. Office—First stairway south of City House.

"Down Town" Improvements.

Improvements are going on all around us both in the city and outside, Newark is booming and every body has faith in its future. One of the "down town" improvements is on Hoover Street where Gil O. Daugherty has a number of lots centrally located which he is selling at suburban prices. He is laying water mains and building an eight inch sewer for the benefit of his lots, several of these lots have been sold and three fine residences with all modern conveniences are in course of erection. Other residences soon to begin. These lots are "down town" and are on the line of sewer, city water, natural gas and electric light service. They are cheap at \$600 and can be bought for \$400.

Dr. A. V. Davis, Dentist.

Bridge work a specialty. All work guaranteed. Teeth extracted without pain. 33 1/2 West Main st. Next door west of Advocate office. Old Phone 170.

The Directors of the Security Building and Loan Company.

Ever mindful of the fact that the profits of a building company are derived from its borrowers, have had the steady purpose in view to favor this class, as far as consistent with business principles. They are the pioneers of low interest to borrowers, which they have accomplished by keeping expenses down to the lowest possible point. They give the borrowers a plain contract, any one can understand, and reduce the interest of ten percent than any other association in the country. If you want money at the lowest rate of interest, call on us. Office with Water Works Company. 5-16-17 D. L. DAVIES, Secy.

MEYER BROS. & COMPANY.

Careful Prescription Work

Have you ever thought what that means?

Suppose your tailor would make a suit from shoddy cloth. The clothes wouldn't hang or wear well even though cut correctly. So in prescriptions good service means more than being careful about weights and measures. It means carefulness long before your prescription is brought to us. It means that we have been careful as to purity when buying chemicals, and have exercised care in making all those liquids medicines which we keep ready for use on our shelves and in our closets. We are careful in every step of prescription work.

R. W. SMITH, Prescription Druggist, S. E. Corner Square. LARGE STOCK FINE PERFUM

HAVE A TOOTH
It's been troubling you this long while. Perhaps it's partly decayed. A slight cold starts it aching furiously. The tooth next to it may be becoming decayed because of its decaying neighbor. The best thing for you to do is to let me examine your teeth. If they need filling I will tell you so. If it is best to extract or if a cap will save the tooth I will tell you that. Whatever your teeth need I will do it for you—do it painlessly, too. This is something I guarantee.

Dr. George H. Woods, Dentist.

224 S. Second st. South of Post Office.

RHEUMATOL FOR RHEUMATISM

Is NOT an experiment, but a certainty. We have a hundred testimonials—nearly all from Newark people—who speak in the highest terms of it.

Rheumatol For Eczema

One lady who was afflicted with eczema in a terrible manner for 20 YEARS, was cured by the use of Rheumatol.

It never fails—we give you back your money if it does.

SHORT LOCALS

Odds and Ends of Happenings in Newark and Vicinity Stated in a Few Lines.

FREE SOUP—Chas. L. Dean will serve free turtle soup Saturday night from 7:30 to 11, at No. 5 South Park Place. A 57 lb. turtle.

CONVENTION—The County Republican convention is to be reconvened on Saturday, July 27, for the purpose of making nomination.

POLICE SLATE—Jack Sheridan arrested by officer Kennedy for drunkenness, and fined \$1 and costs, was the only name on the police slate this morning.

FINE PUPS—A well-known dog fancier of Granville, is receiving the congratulations of his friends over the addition to his kennels of eleven fine pointer pups.

PICNIC—The M. E. Sunday school will hold their annual picnic on Wednesday July 31 at Idlewild Park. Members of other Sunday schools and all others are invited to go along.—New Lexington Herald.

HUMANE SOCIETY—There will be a meeting of the Humane Society at the Council chamber this evening, and it is earnestly desired that there be a full attendance, as considerable business of importance is to be transacted.

MACHINISTS HELPERS—Or Allied Metal Workers' Union, 105, your supplies have come, and you must be present at labor hall tonight at 7:30 sharp to finish the organization. J. W. A.

MR. NEEDHAM'S JOKE—A girl over at Newark advertised for washing, whereupon Mayor Atherton was compelled to provide her with police protection, as all the unmarried men in town were trying to abduct her bodily.—Pataskala Standard.

PRIMITIVE BAPTISTS—The members of the Primitive Baptist church will hold their regular monthly services at the Adventist church on Sixth street, Saturday, July 20, at 12:30 p. m., and on Sunday following at 10:30 a. m. All are welcome. Elder W. H. Hickman, Pastor.

AN ACCIDENT—Mr. S. A. Magaw, residing at 235 Eddy street, had the misfortune to meet with a very painful accident. He was engaged in cleaning out a water trough, when he struck his hand against a broken pint bolt, cutting it to the bone, and inflicting a very ugly wound. Dr. McCut attended to the injured member.

SUNDAY SCHOOL—A County Sunday School Workers Council will be held in Newark on Saturday, August 10. All county and township officers, all superintendents and all who are interested in the advancement of the work in our county are urged to be present. Plans for this year's work will be made. State Secretary Clark will be present and give an address. Remember the date.

PICNIC—A picnic and theatre party was given by Albert Stuck at Idlewild Park Wednesday afternoon. The following composed the party: George Flory, George Blood, Albert Stuck, Harold Franklin, Edward Kille, Clarence Jones, Clay Van Voorhis, Addie Jones, Helen Jones, Mamie Lydie, Ruth Clark, Marian Hatch, Lillian Cameron, and Kate Vance. Mrs. James Clark and Mrs. John Vance chaperoned the party. All had a very pleasant time.

FLAMES SPREAD

And For a Time it Looked Like House Would be Destroyed—Department Called Out.

An alarm of fire from box 57 called the department to the rooms of Mrs. Buchanan, 28½ South Park Place, shortly after 12 o'clock today. Mrs. Buchanan was engaged in getting dinner on her gasoline stove, when in some manner the gasoline ignited and the flames spread over the room very rapidly. For a time it looked as if there might be a serious fire and a hurried call was sent in to the Central Fire Department. The boys responded quickly and when they arrived on the scene they found that the fire had been extinguished with the aid of several buckets of water. The paper on the walls was burned and some woodwork was slightly scorched but aside from this no damage was done.

SUICIDE

WILL BE CORONER'S VERDICT IN CRESSEY CASE.

Nothing Has Been Learned Regarding the Man Whose Name Was in Note Cressey Left.

Coroner Evans held an inquest on Thursday evening to inquire into the cause of the death of Truee Cressey, who was found sick in a stable belonging to Dr. Bower in the West End and who died shortly after being found.

The testimony developed the fact that odor of chloral was detected on his breath before death, and that it was the intention of the deceased to commit suicide by taking an overdose. It will be remembered that a note was found written on a piece of paper in the deceased's hat, stating that he had been poisoned from a drink he took with a friend, and that that friend had done him up for \$200, stating that the name of the party was Robert Wilson who came from Montana, with a man named Lennox. Nothing could be found out as to who Wilson or Lennox are. A verdict will be returned by the coroner stating that he deceased came to his death by suicide.

GLENN TRIAL

(Continued from Page 1)

stand, but the other attorneys felt it was necessary to do so, and she will contradict much of the testimony given by the state's witnesses. Before the state rested its case several experts on handwriting had been examined.

Most of them testified that the names of George and Vesta Hoover on the \$400 note were in the same handwriting as the name of E. B. Glenn, and not in the same writing as the same names in the \$400 note. One witness for the state, however, thought the names of the Hoovers on the alleged forged note were not in the same handwriting as the E. B. Glenn signatures.

Among the witnesses for the defense was Judge J. G. McClure, one of Glenn's counsel, who testified that E. B. Glenn was not the same person as Ellis Glenn at all; that he was shorter and bode no resemblance to him. He knew E. B. Glenn well. C. D. Forrer, ex-City Attorney, testified along the same line that E. B. Glenn was short and bore no resemblance at all to the prisoner. Judge C. B. Smith testified that he had searched Ellis Glenn's head but found no scars. Several persons testified that Ellis Glenn had limped ever since she had been here. Faster progress was made, and unless Glenn's own examination takes too much time the evidence will probably be completed this week.

Mayville, Ky., July 19.—Elmer McCabe, Chas. Daugley and Wm. Fedders slept on a rail road track. McCabe and Daugley each lost a foot. Fadder was killed.

The Locomotive, published by the Hartford Steam Boiler Inspection and Insurance company, gives the total number of boiler explosions in 1900 as 373, 10 less than recorded in 1899. There were 383 in 1898 as well as in 1899, 369 in 1897, and 346 in 1896.

BE WISE—Madam Mason will remain a few days longer. Consultation on business or love. 17 North First street. 7-1946.*
